PROFILE

B.Tech graduate with strong skills in Python, C++, Java, HTML, and CSS. Experienced in both frontend and backend development, with a solid understanding of web technologies, data structures, and object-oriented programming. Quick learner and adaptable team player, passionate about problem-solving and writing clean, efficient code. Eager to contribute and grow as a full-stack developer.

WORK EXPERIENCE

Internship

Great Skill Innovation Int Pvt Ltd (Python Django Developer) — **2025 May-Present**

- Gained hands-on experience in Python programming, covering basics to advanced concepts.
- Developed and deployed a complete Recipe Sharing Platform as a capstone project.
- Learned core Django framework features including models, views, templates, URL routing, session management, and authentication..

Inductus Consultanc PVT LTD (DDUGKY(Web Developer)) — **2024 Dec-2025 May**

- Completed hands-on training in frontend technologies including HTML5, CSS3, JavaScript, and Bootstrap, focusing on responsive and user-friendly web interfaces.
- Gained basic understanding of Java and C++, including fundamental programming concepts, syntax, control structures, and introductory object-oriented principles.
- Learned basics of Angular for frontend components and Spring Boot for backend services, and built a mini full-stack application integrating both.

Luminar Technolab(Python-Django Full Stack Web Developer — **2022 Jan-2022 Mar**

- Trained in Python programming from basics to advanced concepts, including OOP, file handling, and exception management.
- Learned Django framework for backend development, covering models, views, templates, forms, user authentication, and database integration.
- Developed a full-stack Book Store web application with CRUD operations, user login, admin controls, and frontend using HTML, CSS, and Bootstrap.

PROJECTS

Recipe Sharing Platform

Tech Stack- Python, Django, HTML, CSS

- Built a full-stack web app where users can share, like, and comment on recipes.
- Implemented login/signup, recipe management, and admin moderation features.
- Designed a clean, responsive interface using Django templates and custom CSS.
- GitHub: https://github.com/krishnapriyasnair9/Recipe_share

Mini Java Spring Boot Project

Tech Stack-Java, Spring Boot (Basics)

- Developed RESTful APIs for basic CRUD operations using Spring Boot.
- Practiced backend architecture with controllers, services, and repositories.
- Tested endpoints with Postman and explored integration basics.
- GitHub:https://github.com/krishnapriyasnair9/Java_student

Book Store Management System

Tech Stack Python, Django, HTML, CSS

- Built a Django-based app to manage book inventory with login and admin controls.
- Enabled add/edit/delete features and displayed books dynamically.
- Used Django templates for a responsive, user-friendly interface.
- GitHub: https://github.com/krishnapriyasnair9/bookpro.

EDUCATION

Computer Science And Engineering(BTECH) — **2017-2021**
APJ Abdul Kalaam Technological University — CGPA-6.58
College Of Engineering Poonjar

Higher Secondary(Biology Science) — **2015-17**
SMVHSS Poonjar — 75%
State Board Of Kerala

SKILLS

- Programming languages-Python, Java, C++, Javascript
- Web Technologies: HTML, CSS, Bootstrap
- Frameworks & Tools: Django
